

INSTRUCTION

Alfa Romeo Giulia
GTA Style Spoiler
ARGL-69

1

This Product is designed as Replacement of OEM - Original Part or Additional Item.

2

Fix the template as shown. Make dots for drilling with whiteboard marker.

3

Drill the holes with Cordless Drill using 7-8mm Solid Drilling Tool.

4

Apply 3M Double-Sided Tape on the edges, like shown.

5

Fix the GTA Style Spoiler by following the holes. Screw everything underneath the trunk and make sure you are screwing them enough and tight
